Roads and Bridges Projects

Need

Access to BLM lands is dependent on roads that are in good condition. These projects will provide improvements to roads needing repair, and ensure BLM campgrounds and recreation sites across Arizona are accessible to the public.

Recovery Act Funding

These projects will repair existing roads in the Phoenix District. These projects will be accomplished primarily through contracts. (Note: Due to contracting restrictions these dollar amounts cannot yet be released.)

Benefits

These roads and bridges projects will improve access to Arizona campgrounds and recreation sites. Improvements to existing roads will enhance the public's enjoyment of their public lands.

More Information

These roads will be repaired to permit access to treasured landscapes and historic petroglyph art in the Phoenix District.
